

Indian Business Chamber of Luxembourg invites you to:

Panel discussion on:

“Developing Smart Cities: India- Luxembourg - EU Collaboration”

On: Monday, June 29th, 2015 –18:00 onwards

Venue: ArcelorMittal (“Hearst Tower” meeting room), 24-26 Boulevard Avranches, L-1160 Luxembourg

Discussions followed by networking cocktail

Context: For developing smart cities, innovation and technology are basic vehicles towards a smart society with people, companies and governments prepared to face great challenges in climate change, high consumption of non-renewable energy sources, economic development, the increasingly dense populations and obsolete infrastructures. This conference will focus around this theme on key the elements and business collaboration.
